Caricamento della carta termica

(1) Caricare la carta termica.

(2) Inserire la carta termica nella parte di stampa finché non viene inserita automaticamente.

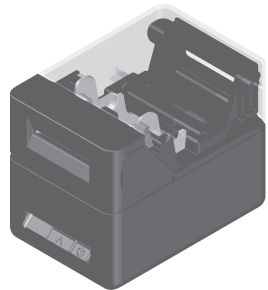

(3) Chiudere il coperchio superiore.

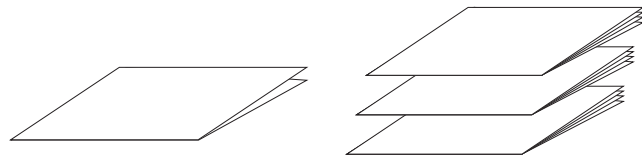

Se si utilizza un rotolo di carta termica allentata, riavvolgere il rotolo prima dell'uso. Se la carta viene utilizzata mentre si allenta, potrebbe verificarsi un inceppamento della carta.

Lees de Veiligheidsmaatregelen en de Gebruikershandleiding zorgvuldig door voordat u de printer gebruikt en ga er veilig en op de juiste manier mee om.

Inbegrepen artikelen

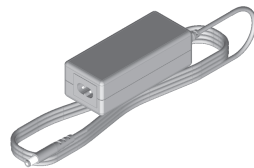

(1) Printer

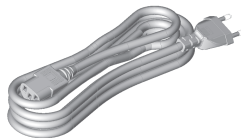

(2) Snelstartgids

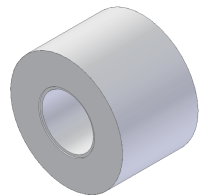

(3) Veiligheidsmaatregelen

(5) AC-adapter

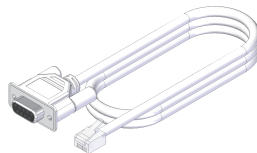

(6) AC-kabel

(4) Voorbeeld van thermisch papier

(7) USB-kabel*

(8) Seriële kabel*

*: Verschilt per model.

Thermisch papier plaatsen

(1) Plaats het thermische papier.

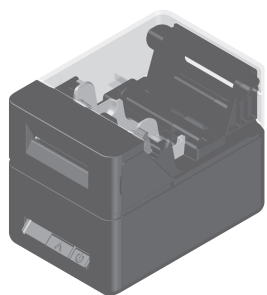

(3) Sluit de bovenkap.

! Wikkel het thermische papier op wanneer het los op de rol zit. Als het papier wordt gebruikt terwijl het losraakt, kan dit een papierstoring veroorzaken.

Ler atentamente as Precauções de segurança e o Manual de utilizador antes de utilizar a impressora e manusear a mesma de forma segura e correta.

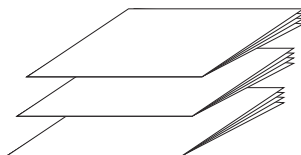

Itens incluídos

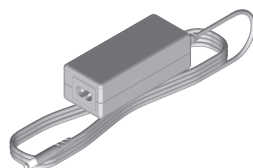

(1) Impressora

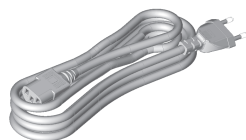

(2) Guia de Introdução

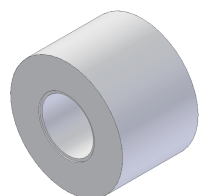

(3) Precauções de segurança

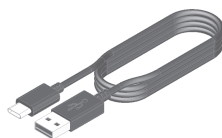

(5) Adaptador CA

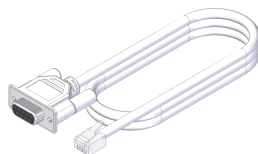

(6) Cabo CA

(4) Papel térmico de amostra

(7) Cabo USB*

(8) Cabo série*

*: Varia consoante o modelo.

Ligação de energia

< Ligação com fios >

The diagram illustrates the wired connection process. On the left is a 3D perspective view of the SLP850 device. A large white arrow points to the right, where two close-up images of the rear panel are shown. The top image, labeled 'Interface USB', shows a USB cable plugged into the USB port. The bottom image, labeled 'Interface serial', shows a serial cable plugged into the serial port.

< Conexão sem fios >

The diagram illustrates the five steps for wireless connection via Bluetooth. Step (1) shows a hand turning on Bluetooth on a smartphone. Step (2) shows a hand pressing the 'POWER' button on the device for 5 seconds. Step (3) shows the 'LED' indicator on the device flashing blue. Step (4) shows the LED indicator lit green. Step (5) shows the smartphone screen displaying 'SLP850' and 'VERIFICAR!'. Arrows indicate the sequence from (1) to (2), (2) to (3), (3) to (4), and (4) to (5).

(1) Ativar o Bluetooth no telemóvel.

(2) Pressione o interruptor POWER durante 5 segundos ou mais.

(3) O LED pisca em azul. (modo de emparelhamento)

(4) As luzes LED acendem-se a verde. (conectado por Bluetooth)

(5) O telemóvel mostra o nome do dispositivo (SLP850) e a opção VERIFICAR!.

(1) Carregar o papel térmico.

(2) Insira o papel térmico na parte de impressão até que ele seja inserido automaticamente.

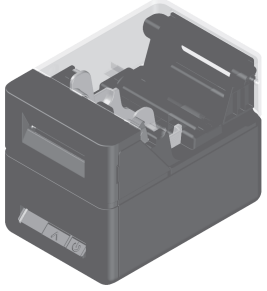

(3) Fechar a tampa superior.

 No caso de uso de um rolo de papel térmico solto, enrolar o rolo antes de o utilizar. Se o papel for usado enquanto estiver solto, poderá causar atolamento de papel.

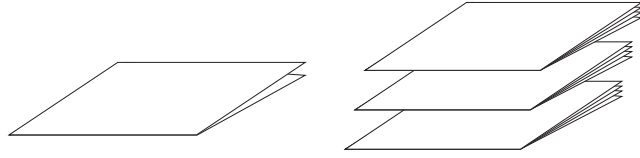

Hızlı Başlatma Kılavuzu (Smart Label Printer SLP850 serisi)

Yazıcıyı kullanmaya başlamadan önce Güvenlik tedbirlerini ve Kullanım Kılavuzu'nu dikkatle okuyun ve güvenli ve uygun bir şekilde kullanın.

İtem incluido

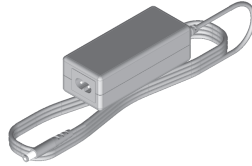

(1) Yazıcı

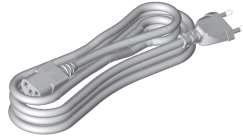

(2) Hızlı Başlatma Kılavuzu

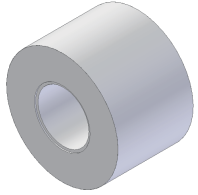

(3) Güvenlik Tedbirleri

(5) AC adaptörü

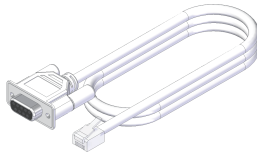

(6) AC kablosu

(4) Örnek termal kağıt

(7) USB kablosu*

(8) Seri kablo*

*: Modele göre değişir.

OFF

(2) POWER düğmesine 5 saniye veya daha fazla süreyle basın.

(3) LED mavi renkte yanıp söner. (eşleştirme modu)

(4) LED ışıkları sabit yeşil renkte yanıyor. (Bluetooth bağlantılı)

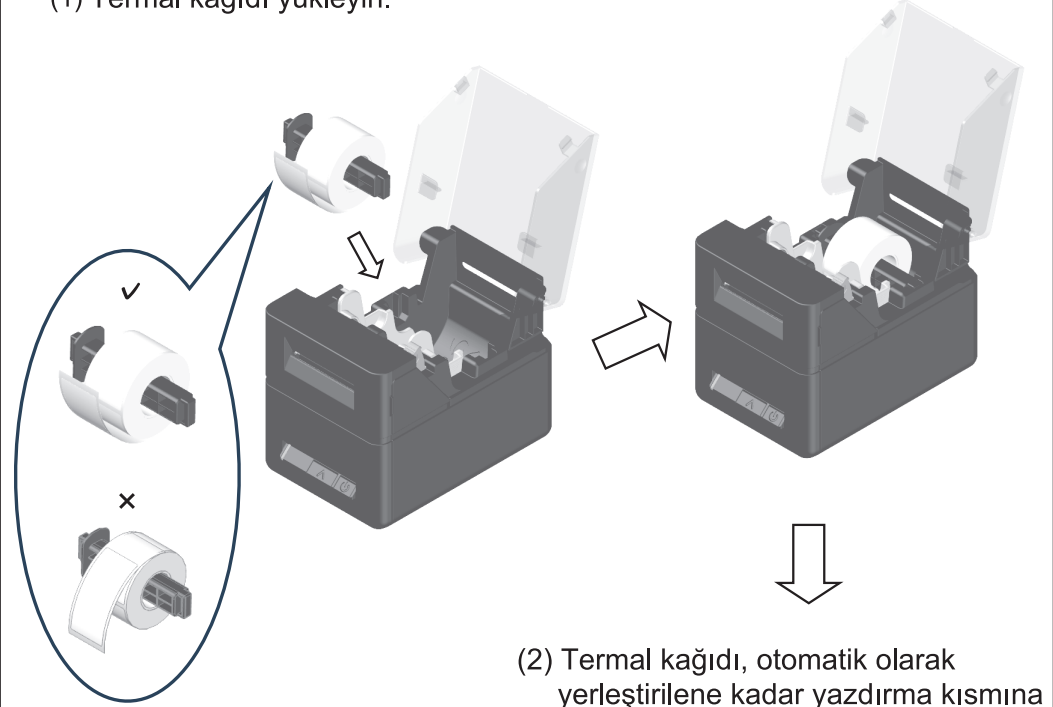

SLP850
KONTROL EDİN!

Termal kağıt yükleme

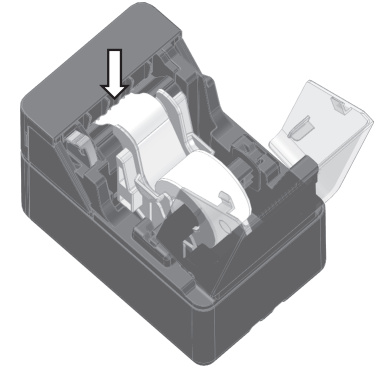

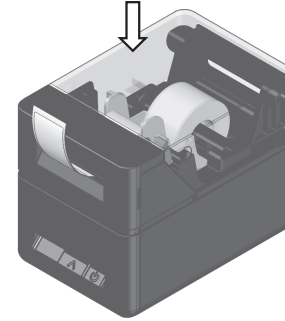

(1) Termal kağıdı yükleyin.

(2) Termal kağıdı, otomatik olarak yerleştirilene kadar yazdırma kısmına yerleştirin.

(3) Üst kapağı kapatın.

Gevşemiş termal kağıt rulosu kullanıldığında ruloyu kullanmadan önce geri sarın. Makineyi gevşek kağıtla kullanırsanız kağıt sıkışmasına neden olabilir.
